18.15.20 Teaching Learning Process

At PCIMCA, the student-centric process is always encouraged to ensure better outcomes. Teaching is provided through lectures, presentations and discussion forum. Faculties adopt varied teaching techniques such as role play, group discussions, group assignments, case study etc. Learning is made student-centric by encouraging students to participate in the class.

Experiential Learning:

Project and Dissertation: Our students undertake the internship training in an industry where they learn the real problems and issues pertaining to their specialized area. The work is submitted in the form of project report under the guidance of faculty where students learn different skills like analytical, problem solving, technical skills, etc.

Industrial Visits: Students are made aware of the practical operations and challenges faced by the Industry. It plays a crucial role in Management Education. During the year, we have arranged 1 industrial visits in Pune.

Practical's: Practical's are conducted for programming subjects to gain practical insights. Through practical's, students learn different skills such as logical and critical thinking.

Mini Projects: Developing a wide range of practical assignments in the form of a mini project which enables the students to gain hands-on experience regarding technical skills. Around 75 mini projects are done by MCA students under the guidance of the faculties.

Learning through various clubs: PCIMCA formed different clubs like Marketing, Finance, HR and IT ("D") for enhancing learning experiences. Mobile application & Web site development is a part of experiential learning. Through this students are able to develop *Mobile Apps, Web Apps* by learning Android & Web technology. The applications such as student attendance,

Participative Learning:

Participative learning through regular teaching supported by eminent guest lectures. Through role play, debate, presentation etc during lectures. Activities are conducted to develop team building, leadership, communication, creativity and critical thinking skills among the students. Students actively participate in an intercollegiate competition such as Poster Presentation, One Minute Movie Making, Street Plays, C/C++ Programming, Quiz, Mad-Ad etc. Students also participate in Cultural Programs, Teacher's Day Celebration, Fresher's & Farewell celebrations.

PCIMCA is also going to conduct Extra & Co-curricular activities such as Best from Waste, Designing Notice Board, One Minute Movie Making etc.

Problem-solving:

Case study: Faculties are also adopting a case study methodology for teaching-learning. Specialization-wise case studies are discussed in the class for subjects like Contemporary Marketing Research, Consumer behaviour etc. In MCA for subjects like Java faculty solves the queries through live practicals.

In Networking faculty gives the demonstration of connecting the computers to the server and solve the query of sharing the data in LAN.
